QUICK FACTS & INFORMATION

About the World Association of Zoos and Aquariums

The World Association of Zoos and Aquariums (WAZA) is the global alliance of regional associations, national federations, zoos and aquariums, dedicated to the care and conservation of animals and their habitats around the world.

Since 1935, the goal of WAZA has been to guide, encourage and support the zoos, aquariums and like-minded organisations of the world in animal care and welfare, environmental education and global conservation.

About the 2020 Virtual Annual Conference

This virtual event will take place on 12 - 15 October 2020, with a duration of four hours daily (exact time to be confirmed).

It will include keynote speakers, presentations, discussions, speeches and networking opportunities. The online format will make the conference more accessible to all of our members, including those who have not been able to attend previous WAZA conferences. We are excited about this new digital format and aim to provide a valuable and informative WAZA conference, albeit virtually, and we look forward to coming together as a community in October.

WHY SPONSOR OR EXHIBIT?

LEAD GENERATION

WAZA's chosen conference app, [Whova](#), offers fantastic opportunities for lead generation. Virtually connect with hundreds of industry leaders and decision makers.

EXPECTED ATTENDANCE

This year's conference will draw a much larger audience by going virtual and offering free registration. The event will be open to both members and non-members, and expected attendance is between 400-1000 participants.
